### **The Private Collection of a Well-Known Specialist**

A most remarkable set of Medals of the World War. These medals were executed by Karl Goetz, Munich. Germany's foremost engraver from 1913 up to the present time. This is probably the most remarkable set of medals ever issued and its entirety represents a complete history of the World War practically from a German standpoint. Every specimen is a perfect original just as struck and the great majority of them represent the highest artistic effort of the engravers. All are struck in bronze unless otherwise stated. The sizes run from 57 to 60 M.M. unless otherwise stated.

As all these medals are scarce and the majority very rare and when obtainable cost from \$3.00 to \$25.00 each no bid for less than \$1.50 each will be considered for any medal in the collection and as this is the finest collection ever offered anywhere and for the benefit of those collectors who might want to keep this collection intact bids will be entertained for the entire collection as a whole and that this bid is higher than the separate bids per piece figure.
